Today

STRUCK DURING FOG

Has Narrow Escape from  
Being Sent to the  
Bottom

Able to Make Dock Under Own  
Steam—Passengers Badly  
Frightened.

Hoboken, N. J., March 18.—The big  
North German Lloyd liner Kronprinz  
Wilhelm, in today from Hamburg,  
had a narrow escape from being sent  
to the bottom as the result of a col-  
lision, just north of quarantine in  
the fog. She had a great gash torn in  
her stern but luckily all damage was  
above the water line and neither  
propellers nor steering gear were  
damaged. The Kronprinz was able to  
make her dock under her own steam.  
The vessel she collided with was the  
British tramp Crown, and it was not  
damaged. Passengers on the Kron-  
prinz were badly frightened.

## ORCHARD SENTENCED TO DEATH TODAY

JUDGE RECOMMENDS SENTENCE  
HE COMMITTED TO LIFE  
IMPRISONMENT.

Believes Self Confessed Murderer  
Told Truth and Haywood and  
Pettibone Trials.

Boise, Idaho, March 18.—Harry Or-  
chard, self confessed murderer of for-  
mer Governor Steunenberg, and nine  
others, today heard himself sentenced  
to death by Judge Wood. Judge  
Wood recommended that the board of  
prisons commute the sentence to life  
imprisonment giving as his reason  
that Orchard told the truth in the  
trials of Haywood and Pettibone.

## SIGNIFICANT MEETING OF LABOR LEADERS NOW IN SESSION

Washington, March 18.—Two hun-  
dred and fifty delegates, representing  
every international and national la-  
bor union, together with a large  
number from unaffiliated railroad or-  
ganizations, convened here today for  
what will be the most significant  
meeting in the history of the labor  
movement. Officials of the Brother-  
hood of Locomotive Firemen and  
Engineers and also of Trainmen, Con-  
ductors and Switchmen, although not  
connected with the American Federa-  
tion of Labor, are in attendance.  
Sessions are being held behind

## SCALE COMMITTEE WILL PRESENT TWO REPORTS THIS AFTERNOON

Indianapolis, March 18.—When the  
national convention of United Mine  
Workers met this morning to receive  
the report of the scale committee, the  
committee reported it would not be  
ready until early this afternoon, and  
the convention adjourned to that  
time. It is authoritatively stated  
that the scale committee will present  
two reports. The vote for the major-  
ity report will be 15 and for the  
minority report, which will be pre-  
sented by Vice President Lewis and  
his friends will have six votes.  
The majority report, which is  
favored by President Mitchell, will

## HOISTED THE GREEN ABOVE OLD GLORY.

Galveston, Texas, March 18.—  
When Captain Moore of the  
British steamship, Howthead,  
Belfast, Ireland, here for a car-  
go, dressed ship yesterday in  
honor of St. Patrick's day, he  
put the green emblem above  
the stars and stripes.  
This violation of the United  
States law that requires Old  
Glory always to be at the top  
when displayed in a United  
States port, was promptly cal-  
led to the commander's atten-  
tion by a government inspector  
but he bluffed to comply with  
the law.  
Not until he received a for-  
mal demand from the United  
States collector of customs of  
this port, accompanied by an  
order for the revenue cutter to  
stand ready and threatened to  
call the gunboat into service  
unless the order of the flags  
was reversed, did the Irish  
skipper yield, and then only to  
haul down the American flag  
and leave the green one up.

## STATE SENATE PASSES CAMP GROUND BILL

RESOLUTION TO CONVEY LAND  
TO THE NEWARK BOARD OF  
TRADE.

Measure Now Goes to House and is  
Up For Consideration on  
Thursday.

Secretary J. M. Maylone wires the  
Advocate from Columbus Wednesday  
at 3 p. m. saying that the Atwell res-  
olution to reconvey the Ohio perma-  
nent encampment ground to the New-  
ark Board of Trade had just passed  
the Senate unanimously.

An amendment to keep the ground  
for a public park and an amendment  
keeping the ground for a site to raise  
farm products for the state were first  
defeated and then the resolution to  
convey the ground to the Board of  
Trade was adopted by a unanimous  
vote. It now goes to the House of  
Representatives and will come up for  
hearing on Thursday. Representa-  
tive Howard is now at work in behalf  
of the measure in the House.

The fact that the state abandoned  
the Newark ground as a place of en-  
campment caused the resolution to be  
introduced in the Legislature.

closed doors at federation headquar-  
ters. The primary purpose of the  
conference is to take action with re-  
ference to recent adverse decisions  
of the Supreme court. President Gom-  
pers dwelt upon the vital importance  
of the subject, and the unsettled con-  
dition in the labor world as a result  
of the decisions.  
Large numbers of delegates favor  
the establishment of a permanent  
political party. President Gompers  
personally, is adverse to adopting  
such policy, but it is believed that the  
American Federation of Labor will  
join officially in the movement.

advocate the settlement by districts  
as was done two years ago. This in  
all probability will be adopted by the  
convention, but it will only be after  
a hot fight.  
The Lewis report will advocate  
postponement of the matter until after  
April 1, as is asked by the Ohio op-  
erators. The idea of Lewis' friends  
is that a settlement after April 1 will  
rebound to the credit of Lewis.  
Mitchell is said to have assurances  
that Indiana operators will sign at  
once. This he believes is all that is  
needed to whip other operators into  
line.

## SPERRY

Hero of Luzon War  
Will Succeed  
Evans

NUMBER OF VACANCIES

Chances of Promotion For  
Four Officers Are  
Provided

News From the Fleet—Town of  
Magdalena Has Not  
Grown.

Washington, March 18.—Rear Ad-  
miral Charles S. Sperry will be com-  
mander-in-chief of the Atlantic bat-  
tle ship fleet when it leaves San Fran-  
cisco in July to encircle the globe.  
This important detail has been de-  
cided by President Roosevelt and his  
cabinet.

Rear Admiral Evans, on his per-  
sonal request, will be relieved of  
command at the conclusion of the big  
naval review at San Francisco, May  
8. The Admiral considers this the  
completion of the work he was as-  
signed to do—take the Atlantic fleet  
to the Pacific coast. Admiral Evans  
retires in August.

To Rear Admiral Thomas comes  
the honor of commanding the fleet on  
its visit to Puget Sound, and until the  
homeward journey begins. He was  
second in command during the voy-  
age and retires in October.

It is expected that Evans will re-  
turn at once to Washington. Secre-  
tary Metcalf said, however, that he  
had no special duty in mind for the  
admiral between his relinquishment  
of command and the date of his re-  
tirement. Rear Admiral Thomas is  
scheduled to retire in October. When  
he relinquishes the command to Ad-  
miral Sperry it is expected that he  
also will return to Washington.

The vacancies caused by the re-  
tirement of Admiral Evans and Ad-  
miral Thomas will be filled by the  
promotion to that rank of Captains  
Seaton Schroeder and Richard Wain-  
wright, each of whom now commands  
a battleship in the fleet. Admiral  
Emory, who commands one of the  
squadrons in the fleet will continue  
in that detail, being second in com-  
mand to Admiral Sperry.

Admiral Emory is to retire in De-  
cember. Captain Ingersoll, who is  
Admiral Evans' chief of staff, will be  
detached from the fleet before it sails  
for home.

As reorganized the command of the  
Atlantic fleet will be as follows:  
Rear Admiral Sperry commander-in-  
chief of the first squadron, and Rear  
Admirals Emory, Schroeder and  
Wainwright commanders of the sec-  
ond, third and fourth squadrons re-  
spectively.

Admiral Sperry, who is to bring  
the "Big Sixteen" back to Atlantic  
coast by circling the globe, has had  
long and distinguished service in the  
navy. He is a native of New York,  
but is credited to Connecticut in his  
appointment to the Naval Academy.  
He became a rear admiral in May of  
1906.

During the war with Spain Ad-  
miral Sperry was equipment officer in  
he was given command of the York-  
town New York navy yard. Afterward  
town in Philippine waters and di-  
rected the movements of the landing  
party on the eastern shore of Luzon,  
which is now regarded as one of the  
most thrilling adventures of the cam-  
paign against Aguinaldo.

The landing party of the Yorktown  
was captured by Aguinaldo's men.  
Some of them were wounded and  
some were taken prisoners. Then be-  
gan the famous chase of the insur-  
gents and their prisoners throughout  
the length of the island, resulting in  
the release of the men at Apurri, on  
the northern extremity of Luzon.  
As one of the officers under Admiral  
Walker Sperry helped to make suc-  
cessful the picturesque voyage of the  
"White Squadron," which visited  
Europe and South America in 1891-  
1892.

From the command of the New  
Orleans on the China station, Ad-  
miral Sperry became president of the  
War College. His next detail was to  
the last Hague Peace Conference,  
where he went as one of the Ameri-  
can delegates. Rejoining from The  
Hague he was given sea duty and as-  
signed to command the fourth divi-  
sion of the Atlantic fleet, in which

## MRS. JERE COOKE BELIEVES HUSBAND INSANE

New York, March 18.—That Mrs.  
Jere Knobe Cooke, wife of the un-  
frocked rector of the historic and ar-  
chitectural St. George's Episcopal  
church at Hempstead, L. I., who  
eloped with Miss Floretta Whaley,  
one of his charges, will not begin di-  
vorce proceedings against her hus-  
band, was attested by a personal  
friend. Her determination not to  
bring suit, was made it was stated  
upon the advice of her parents, her  
counsel and the rector of her church.  
In the face of this decision it also  
became known that her husband, now  
in San Francisco with the girl with  
whom he fled last May, has attempt-

ed vainly to obtain his wife's forgive-  
ness for certain statements, he made  
when the fugitive couple were first  
discovered in the Western city last  
December. Under certain conditions  
a personal friend of Mrs. Cooke as-  
serts, she might forgive and take him  
back, but never as a husband.

Mrs. Cooke firmly believes her hus-  
band is insane. She believes a threat-  
ened nervous breakdown which his  
physical condition seemed to indicate  
and which was feared before his  
flight, so weakened his mind and  
will as to allow him to assume the  
course he has pursued. The burden  
of the blame she lays upon the girl  
who has been his companion.

## EXPOSE OF STATE MACHINE METHODS WORRIES POLITICIANS

(Toledo Blade.)

The Brown-Cox-Guilbert triumvirate  
is not pleased over the action of The  
Blade in calling attention to this  
close corporation which has set out  
not only to control the Republican  
party in Ohio, but the entire ma-  
chinery of the state.

The "backstairs" of this combination  
of political rings are loudly proclaim-  
ing The Blade has booted the Repub-  
lican state ticket, a claim they well  
know to be untrue, but which they  
will continue to make in an effort to  
attention from the main issue and from  
the established fact that Brown, Guil-  
bert and Cox went gunning for three  
positions in the ticket for their  
henchmen and landed them all—Den-  
man for attorney general, Fullington  
for auditor, and Green for treasurer,  
these three composing several im-  
portant state bodies having to do with  
great and vital interests.

The ringsters who live in politics

and on politics and whose party loy-  
alty is measured by the patronage  
they can control and divide, want the  
people to believe The Blade means to  
disrupt the party.

They want to be let alone. They  
want to force their particular pets in-  
to public place. They would control  
the party, dictate nominations and  
then insist that the rank and file  
ratify their choice at the polls.

Of course many well-meaning Rep-  
ublicans are misled, because they do  
not realize the scope of the scheme  
of the Brown-Cox-Guilbert gang.  
Such persons may criticize the atti-  
tude of The Blade until they assume  
themselves this paper is not booting  
the state ticket as a whole, but is  
rendering a public service by turning  
the light on the methods of the three  
men who made up a state for the  
offices of auditor, treasurer and at-  
torney general and their reasons for  
being so anxious to control these three  
offices.

## HAYTIAN REFUGEES ARE EMBARKING ABOARD FRENCH SHIP

Port au Prince, Hayti, March 18.—  
The embarkation of Haytian revolu-  
tionary refugees aboard the French  
cruiser Desbreaux has already begun  
from the consulates at Gonaves.  
French, German and British diplo-  
matic representatives are looking  
after their departure and guarding  
against any demonstration either by  
government or mob against the  
capacity he has made the trip around  
the Horn with Admiral Evans.

Magdalena Bay, Lower California,  
March 18.—"The trip from Hampton  
Roads to Magdalena Bay has demon-  
strated that the Atlantic fleet can go  
to any part of the world if coal is  
provided," declared Captain R. B. In-  
gersoll, chief of staff to Rear Admiral  
Evans, when asked for a statement  
by the Associated Press. Upon Cap-  
tain Ingersoll devolved a large part  
of the work for executing the cruise.  
The little town of Magdalena has  
not grown to any appreciable extent  
because of the fleet's visit. It is  
about the same size it has been for  
years past.

There are normally about 115 peo-  
ple in the place. On the ranch horses  
and cattle are reared. The cattle are  
killed for local consumption. Water  
is the great problem.

Within the past two days two or  
three new buildings of a temporary  
nature have sprung up along the  
beach, and are being used by Mexi-  
can vendors.

Much disappointment is expressed  
throughout the fleet over the failure  
of the expedition to rescue the Ameri-  
can sailor Jeffs, from Indefatigable  
island. The fleet passed within  
about 40 miles of the island, and the  
tender Yankton was sent in to make  
the search. The landing party from  
the tender searched all habitable por-  
tions of the island for two days. Re-  
mains of camp fires were found in  
several places, but no trace of the  
sailor was discovered. In one place  
a razor was found with Jeffs' initials  
on it. It is the belief of the men on  
the Yankton that the marooned sailor  
has been picked up by some passing  
vessel. Search was made in every  
possible place where the man could  
have concealed himself before peris-  
hing, but it was without result. The  
Yankton proceeded to Acapulco, and  
is expected to reach Magdalena the  
first part of next week.

Target practice will occupy prob-  
ably about three weeks. There will

fugitives. Arrangements are also  
being made to revolutionists, sheltered  
at St. Marie and Port De Paix, to  
come to Gonaves for embarkation.

President Nord Alexis is doing his  
best to prevent any outbreak of  
violence against the men the powers are  
deporting. The general opinion is  
that the trouble is over for the  
present.

be no battle practice, that being held  
in the fall of the year.

## GEN. STOESSEL

ARRANGING AFFAIRS PREPARA-  
TORY FOR HIS PRISON  
FORTRESS.

Few Think Port Arthur Hero Will  
Survive Sentence Imposed by  
Military Court.

St. Petersburg, March 18.—General  
Stoessel has been granted a few more  
days' liberty to arrange his personal  
affairs and will then be committed to  
a fortress to serve the 10 years' sen-  
tence imposed upon him for sur-  
rendering Port Arthur before he had,  
in the court's martial opinion, ex-  
hausted all means for its defense.

In refusing to grant a free par-  
don, though commuting the death  
sentence imposed by the military  
court, the Czar is known to have ac-  
ted in accordance with the wishes of  
Stoessel's foes in the war ministry.

It is not likely the prisoner's con-  
finement will be rigorous, but few  
think he will outlive his term. He  
is not only growing old, but has been  
in broken health ever since the war.

## WOULD ABOLISH "UNWRITTEN LAW"

Richmond, Va., March 18.—Alden  
Bell of Culpeper has instituted and  
engineered through the Virginia Gen-  
eral Assembly a unique bill for the  
abolishment of the "unwritten law" in

Virginia. The famous Strothers-By-  
waters case, at Culpeper, and the  
recent Loving-Estes tragedy, in  
Nelson county, gave Judge Bell the  
ideas on which the law is based.

He ran for the legislature, resigning  
the mayoralty of Culpeper, for the  
purpose of becoming the sponsor  
of such a measure. Judge Bell has  
had a most interesting career. He  
has been in every habitable country  
on the globe and is an author of some  
note. He has served in the Legisla-  
ture in Texas and was appointed to  
the judiciary in that state.

## WORST STORM IN YEARS

BRIDGEPORT AND SURROUNDING  
COUNTRY WAS DELUGED  
TODAY.

Many Buildings Torn Down and  
Great Damage Done—No Lives  
Reported Lost.

Bridgeport, O., March 18.—With  
clouds that made the whole country  
dark as night eastern Ohio was visit-  
ed this morning by the worst storm  
in many years. At Barton and other  
places in Belmont county the wind  
was of a cyclonic nature and tore  
down buildings. Reports are coming  
in from every direction of serious  
damage to property. So far no lives  
are reported lost.

## OLD VETERANS GOING FAST

DURING THE PAST YEAR 31,201  
ANSWER TO THE LAST ROLL  
CALL.

Predicted That in Nine Years They  
Will Be Scarce as Modern War  
Veterans Are Today.

Washington, March 18.—More pen-  
sioners died during the past year  
than fought on either side in the  
four battles of Shiloh in 1862. This  
was a statement made in the House  
today when the \$150,000,000 gen-  
eral pension bill was up for passage.  
It was shown that 15,768 men had  
been stricken from the nation's roll  
by death. Of this number 31,201  
were Civil war veterans. It was  
predicted that in nine years Civil war  
veterans will be as scarce as pre-Mex-  
ican war veterans today.

## OLDEST

Member of Senate  
Passes Away at  
Baltimore

ILL ONLY A FEW DAYS

Elected Last January  
by the Maryland  
Legislature

Had Few Equals as a Criminal  
Lawyer—Practiced for  
Years.

Baltimore, Md., March 18.—William  
Pinckney Whyte, the oldest member  
of the United States Senate, died in  
his home in this city at 7 o'clock last  
night. He was 83 years old, having  
been born in Baltimore on August 9,  
1824. Senator Whyte had been ill  
only a few days. His physicians gave  
every hope of recovery and yesterday  
plans were being perfected to take  
him to Atlantic City. About 5 o'clock  
the disease, erysipelas, descended to  
his throat, deprived him of speech  
and death finally resulted from heart  
failure.

Senator Whyte was appointed by  
Governor Warfield of Maryland, on  
June 8, 1906, to fill the unexpired  
term of Senator Arthur Pue Gorman,  
who died in office and who had kept  
him out of the Senate for a quarter  
of a century. He first went into the  
Senate in 1868, being appointed to  
succeed Senator Reverdy Johnson. He  
was elected Governor of Maryland in  
1871 and served until 1874, when he  
was elected to the Senate for the full  
term.

Senator Whyte was one of the lead-  
ers of the bar in the South. As a  
criminal lawyer he had few equals.  
His record of acquittals was almost  
unbroken. One of his famous cases  
was a year ago when he defended and  
secured the acquittal of Mrs. Joseph-  
phine Kelly, charged with the murder  
of her sister. Mrs. Kelly's first act  
when free was to throw her arms  
about the aged Senator's neck and  
kiss him.

The funeral of U. S. Senator Wm.  
Pinckney Whyte, who died of a se-  
vere attack of erysipelas at his home  
here last night, will take place to-  
morrow afternoon. The funeral will  
be quiet and private, the family hav-  
ing requested that the Senate refrain  
from participating in any official ca-  
pacity. Senator-elect John Walter  
Smith will probably be named to  
serve out Senator Whyte's unexpired  
term.

## A MEAN TRICK

Prisoner Wisheg to Die and Asked  
For Carbolio Acid But Was  
Given Castor Oil.

St. Louis, Mo., March 18.—Hand-  
ing a revolver to Edward Siefert, a  
defendant in his court yesterday,  
Justice Wangelia of Belleville, said:  
"Here, kill yourself with this. It's  
cheaper than carbolio acid."

Siefert had just been fined \$3 for  
"celebrating" St. Patrick's day in  
Belleville, and had threatened to kill  
himself. He took the revolver from  
the judge's hand and pressed the  
muzzle to his temple. He tried to  
pull the trigger. There was a click.  
"I'm so nervous I can't shoot,"  
said Siefert. "Somebody please pull  
the trigger for me." The accent was  
on the "please."

There were no volunteers. Turn-  
ing to one of the spectators, Siefert  
handed him a dime and said:  
"Go out and get me some carbolio  
acid."

While he waited he again tried to  
pull the trigger. The man came back  
with the bottle. Siefert eagerly  
crasped it and drained its contents.  
He did not drop dead. "That's fun-  
ny," he said, and when they told him  
he had drunk castor oil, he cried,  
"What a mean trick!"

St. Petersburg, March 18.—Gen.  
Smirnoff was severely wounded in a  
fight with Gen. Fock today, grow-  
ing out of the trial of the Port Ar-  
thur defenders for surrendering the  
fortress to the Japanese before ex-  
hausting their resources.

### FEMININE TOPICS

There is no need of your having to wear old shoes to experience comfort. If you buy Linehan's Goodyear Welts you will have comfort from the start, because they do not have to be broken in. Such excellent material, workmanship, and method in making Goodyear Welts is employed that comfort is an assured fact.

The art of good dressing is found in avoiding the conspicuous and in getting into one's clothes properly. The elegance of a gown is in its fabric and cut rather than showy colors and shining trimmings. Some women want to dress like a Christmas tree, while others prefer the soft browns and greens and rich low tones of less gay growths.

One of the prettiest windows "wearing the green" yesterday was Mrs. Kerr's the Bon Ton Millinery store. Some stunning new spring hats were displayed. She has an elegant line of new millinery.

The "Merry Widow" bows for the hair are just now the most correct thing for evening wear. They are of a color in ribbon to harmonize with the gown and have seemingly displaced the elaborate aigrettes, flowers, etc. At the recent social function for Mrs. Nicholas Longworth in Columbus the "Merry Widow" bow adorned the heads of the majority of the most smartly gowned women, including Mrs. Longworth herself.

There's no season observed more than Easter and the pretty novelties are more pronounced each season. I noticed an exceptionally pretty line of cards and novelties at Norton's Book Store.

The tailor-made gown is the proper costume for the street. It is serviceable, does not pass out of style quickly and requires very little mending. They are suitable to wear at a downtown dinner or the theatre. The tailor-made girl is about the nicest creature that so far has been introduced to mankind. The proper tailored hat is small and tied down nearly with a veil.

The "Merry Widow" hats will be found at Hansberger's. Also a splendid line of stylish things.

There are two types of women who are fairly happy—the woman who has plenty of congenial work to do and the one who knows how to hold her tongue. Half the misery of the world is caused by unkind speech. Often the speaker does not know that her words are unkind, but unless one is sure that one's remarks are to bring some one pleasure it is best to smother them.

Ladies leather goods are talked about in Erman's ad today. I noticed a particularly fine line of pocket-books and bags there.

The moment a woman ceases to wear corsets and to go about the house in spreading slippers and slouchy loose garments that moment she becomes an old and unattractive woman.

Oh, marriage is a lottery  
That either makes or mars,  
It likewise is a lottery,  
To judge from family jars.

The best five cent soap in the world is at Hansberger's store.

The delicious candies made fresh every day at The Purdy are a great treat. The special drink today is egg chocolate and the sundae in Delta Gamma.

It is not necessary to be young in order to look young these days. The trick is that a woman should not grow any older in looks for twenty years after she has reached the age of 30.

What concerns people the most these days is the quality of the food

they eat. That can be found at Brilliant & Lids.

No need to bother making your bread these days to get that good home-made taste—for you can get it in "Lofa." It's the very best bread on the market. Insist on your grocer sending it to you.

One fashion writer says that if there is a woman during the coming summer who does not have a linen jumper frock it will be because her finances are indeed at a low ebb.

### HUNGRY AS A BEAR AND CAN'T EAT

If, When Mealtime Comes, You Suffer From a Yes-Not Kind of Hunger, You're a Dyspeptic.

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but way down deep in their stomachs they know they've got it.

"I'd love to eat it, but I can't," is one kind of dyspepsia.

"I hate to think of it," is another kind. There are thousands of people today who hate their meals, and they love them at the same time. They haven't that fine empty-hungry eat-everything-in-sight kind of feeling which goes with every good strong healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking some thing which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach, and let the stomach take a rest.

Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good strong healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritation, loss of appetite, bloating, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal, and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

#### Harmony in Color

Just as a discord in musical notes jars upon one's sensibilities, so does the use of colors that do not harmonize affect one. There are two distinct kinds of harmony. There is the harmony in tones of the same color—the harmony of contrast of colors in no way related. One of the best and most frequently used examples of the harmony of contrast are red and green. There are luminous colors, and sombre colors.

The luminous colors are called the warm colors, and are yellow, orange, red, light tints of green and some of the lightest tints of sombre colors. Sombre colors are the cold colors, and are blue, violet, and the subdued tones of luminous colors.

Then there are the grays—a normal shade of gray is an equal mixture of pure black and white, and whichever color predominates changes it to light or dark gray.

We have made the harmony of colors a study, and can show you all the newest papers in harmony of tones and contrasts.

Yours for correct wall coverings,

#### CHARLES HENRY CHERRY.

Charles Henry Cherry was born on June 7, 1827 in Mexico, Oswego county, New York, and departed this life March 16, 1908. His father was John Wallace Cherry, of Loudondary, Rockingham county, N. H., and his mother, Clarissa Adams of Sedroch, Rensselaer county, N. Y. His grandfather was Major Samuel Cherry, one of the original members of the Order of Cincinnati.

His father moved to Marysville, O. when Charles Henry was but three years old, and he was the youngest of eleven children, all of whom have passed on before him. He was married May 19, 1863, in Marysville, O., to Sarah Jane, daughter of Deacon John Guthrie, and his wife, and one daughter survive him.

Mr. Cherry was gentle and kind as a woman, but persistent as any man could be in the faithful doing of his daily work. Those who knew him will not soon forget his fidelity to old fashioned ideals of truth, honesty and service. Faithfulness was in his very blood. state government the Ohio of today  
can boast of but three living ex-gov-  
ernors, Joseph B. Foraker, James E.  
Campbell and Myron T. Herrick.  
Hence an ex-governor is a person  
not to be lightly passed by. How-  
ever, it is a rare thing indeed when  
one of these three former governors  
can be seen in the center of a group  
in the rotunda of the state house  
talking in the current subjects of the  
day, just like any other common  
mortal.

Such a sight was witnessed the  
other day when James E. Campbell  
was the central figure of a group  
gathered under the large oil painting  
of the famous fighting family of the  
McCooks. Around and about him  
were his predecessors of a hundred  
years looking down from lofty emi-  
nences from their frames of oil and  
sharply illustrating the change in  
customs and styles that have been  
brought about in a century. The  
governors of modern times incline to  
smooth faces or the mustache while  
those of ancient days delighted in  
ponderous beards. Governor Camp-  
bell as he stood in the light of the  
rotunda with his predecessors all  
gazing down from the walls, certain-  
ly typified the differences between  
the governors of the pioneer day and  
those of today.

**Spring Medicine**

The best is Hood's Sarsaparilla. It  
is the best because it does the most good.  
While it makes the blood pure, fresh  
and lively, it tones the stomach to bet-  
ter digestion, creates an appetite, stimu-  
lates the kidneys and liver, gives new  
brain, nerve and digestive strength.  
An unequalled list of cures—40,366 tes-  
timonials in two years—proves its merit.

**Sarsaparilla**—For all who prefer medicine  
in tablet form, Hood's Sarsaparilla is now put up  
in chocolate tablets, each containing a full dose of  
the medicine. It is equally effective and is more  
pleasant to take than the liquid form. It is sold  
in all drug stores and by mail. It gives the genuine satis-  
faction to say this.

**HORSE SALE**

AT THE CRAWFORD STOCK FARM  
DRAWS MANY BUYERS ON  
WEDNESDAY.

Some Fancy Prices Are Paid and the  
First Twenty-Five Horses Aver-  
age \$616 Per Head.  
One of the largest horse sales ever  
held in Central Ohio was that held by  
Col. George W. Crawford at his Shar-  
on Valley farm, one mile west of the  
city on Wednesday.

A very large number of imported  
draft horses were disposed of at  
prices that had no suggestion of a  
stringency in the money market.  
There was an immense attendance of  
would-be buyers from all over Ohio,  
while buyers were also present from  
the states of Pennsylvania, New  
York, Indiana, Illinois and Michi-  
gan. The sale commenced at 10 a. m.  
with Fred Andrews, the well known  
auctioneer of Sugar Grove, on the  
block. From the very start the bid-  
ding was spirited, and the first horse  
sold, a three year old Belgian mare  
brought \$1005. Immediately after-  
wards a team of dark dapple gray  
Percheron mares sold for \$1425. Up  
to noon 25 horses were sold, the av-  
erage price being \$646. At noon a  
luncheon dinner was served by Col.  
Crawford to all present in the big  
barn, after which the sale was re-  
sumed without any let up on the  
bidding.

Short breath, fluttering,

heart, struggling to do its  
work. It must keep the  
blood in circulation to  
carry nourishment to  
make flesh, bone and mus-

out particles. When it  
cannot do this, it must  
have help. Dr. Miles'  
Heart Cure gives strength  
to the heart nerves and  
muscles, and increases the  
heart action.

"I am glad to say that I am so much  
improved in health. Dr. Miles' Heart  
Cure cured me when several doctors  
failed. I think no other medicine  
could do for me what Heart Cure has  
done. My case was bad; had as it  
could be at times. I had difficulty in  
getting my breath, my heart beat so  
fast at times that I thought it im-  
possible to live without relief; the  
pain was very severe in my left side,  
and my nerves were all unstrung. I  
had almost given up all hope of being  
cured, and I am sure I would not if  
I had not taken the Heart Cure. I  
take great pleasure in recommending  
Dr. Miles' remedies to all who suf-  
fer with heart disease."

## LAST OF SERIES

High School Debates Close and Jersey Wins After Hard Contest With Pataskala.

The last of the series of Licking County High school debates was held on Friday evening at the town hall between Jersey and Pataskala. The question that had been chosen for discussion was: "Resolved, That Ulysses S. Grant was a greater general than Napoleon Bonaparte." As the question is stated, the school having the negative side would evidently have the advantage, as the name of Napoleon stands forth preeminent among all the great names of history as the greatest military chieftain. Pataskala being the visiting school, was accorded by the rules of the debating league the privilege of the choice of sides and chose the negative.

The Jersey debaters were very much dissatisfied with the question thinking they had not an equal chance with Grant against Napoleon but they worked so much the harder Pataskala had warned Jersey through the columns of the press after this manner: "Beware, Jersey! We are coming, Friday night to take you by storm." But it eventually proved the worst job of taking anything by storm that Pataskala ever attempted.

The spirits of the two schools in regard to the debate might have been compared to those of the North and South on the eve of the great battle between the Merrimack and Monitor—all was delight and anticipation in Pataskala; all was dismay and dismal forebodings in Jersey. In a conference of the superintendents and judges it was decided to grade on argumentation and delivery, giving the first speaker 85 per cent and the others to be graded accordingly.

Perry Stevenson, who has represented Jersey so efficiently in all the debates, was the first speaker, and he opened the question in a masterly way showing in what generalship consisted and pointing out the great mistakes of Napoleon in his campaign in Spain and again at Waterloo. He then showed that the fact that the two men lived in different ages and under different conditions, must be taken into consideration. That Grant was a great civil engineer and was fighting a general equal to himself, and who commanded soldiers equal to his own, while Napoleon contended against inferior generals, whose troops were far inferior to the French. Laura Morrow was the first on the negative. Without any embarrassment she attacked her opponent's argument and made a good showing at that. Then she carefully exposed the plan of argument of the negative, consisting of six parts. She showed that Napoleon had greater training than Grant, was equal to him in bravery, and had greater tenacity of purpose. Her debate was cleverly given and was a model of logic.

Ralph Cross for Jersey started off like an alarm clock, making points so rapidly that one could scarcely keep track of them. Scarcely a mistake of Napoleon, or a feat of Grant escaped attention. He had not only mastered the question but had also mastered himself, so his delivery was perfect, and his argument overwhelming. When Alexandria debated here we

boasted of a Cicero; now we boast of a Demosthenes.

Robert Wells was the last speaker. He is young and small for his age, but he proved a little giant. He began by putting the audience in good humor, referring to spring fever. He proved a success at contradiction and showed that he was prepared. Then he launched out on the question where his colleague had left off and presented an array of facts that were surprising for their logic, deep thought and effectiveness.

Supr. Coler of Hebron, Mr. Frank Smith of Pataskala, and Mr. Alda Seem of Jersey were the judges. After a short conference they decided in favor of Jersey, two to one, Jersey winning by 11 points.

The Pataskala debaters made a good fight and Pataskala need not be ashamed.

A BEAUTIFUL FACE.

The Secret of Parisian Woman's Beautiful Complexions.

\*\*\*\*\*

To the minds of most women Parisian means Beauty—so world-famous are the ladies of Paris for making themselves charming and beautiful. And yet it is a fact that Parisiennes, so far as features are concerned, haven't beautiful faces, as a rule. Their beauty consists largely of immaculate complexions. An American lady, visiting a friend in Paris, obtained from her the secret of the clear, charming complexion of French-women and says it is a wash that is prepared at home and applied to the face daily.

Obtain at your drug store Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Eppotone (skin food), 4 ounces. Put the Eppotone in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits.

The above wash is easily and quickly prepared at home, and is a most delightful toilet preparation, harmless even to a baby's face, and soothing to tender skins.

**DEMPSEY**

Failed to Knock Out Bill Haveron in Ten Rounds—The Police Stop the Mill.

Columbus, O., March 18.—Young George Dempsey, of this city, and William Haveron of Rochester, N. Y., formerly of England, who fought a draw with Gunner Moir, fought a six-round draw last night. Both are heavy weights, and had a ten-round bout last fall, with the decision in favor of Haveron. The Englishman discovered, however, that he was not in the ring with the same man, for Dempsey in the third and fourth rounds, showed such improvement in form that Bill drew together to protect himself from a knockout. The latter came back strong in the fifth and stood it out to the end. The young heavy weight crashed in a few blows that were telling, and in the two rounds mentioned it looked as if Dempsey would land the Englishman. Dempsey has improved so remarkably that he will try for bigger game, although an attempt is being made to get a finish fight for these two. The police stopped the mill between "Kid" Stukeley of Chicago, and "Billy" Hatch, light weights, to save the former from a complete knockout. Eddie Burkhead won his battle with Graydon Walton. The contests were under the auspices of the Columbus Athletic Club.

### BEAUTY SPECIALIST DIES AND SECRET FOR WOMEN REVEALED

Madame Moneaux, deceased beauty specialist, of New York, long possessed the greatest of all secrets pertaining to feminine charm. And what is this great secret, so much desired by women—the secret that has made a vast fortune for the madam's heirs, and that brought her all the famous actresses and society leaders for patrons?

"What, don't you know?" It is a simple, but sure method of developing the bust, arms and neck of women, who, through defect of nutrition and circulation, are humiliated by undeveloped arms, neck and bust. The treatment consists of applying a powerful but harmless nerve stimulant to the cells of the skin, to be absorbed and utilized as nourishment to the flesh cells and tissues. Beautiful changes are wrought. Light, deformed women are developed into charming personages, with well rounded arms and neck and full normal bust of exquisite curve and proportion so much admired in our great actresses and society leaders. Any leading druggist will supply the ingredients to mix at home, and as they are used for various prescriptions no one need be the wiser as to what they are to be used for, which is as it should be for modest womanhood. Get separately "two ounces glycerine," "three ounces Rose Water" and "one ounce Tincture Cadomene," and five cents worth of borax. Take home, mix the glycerine with Tincture Cadomene shake and let stand two hours, then add a teaspoonful of borax and the rose water. Shake well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed. Then wash thoroughly with hot water and soap and dry thoroughly. Apply morning and night regularly for several weeks and the most beautiful development will begin to reward the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived.

This is worth keeping, if not for yourself, for some dear friend who needs it.

## NOTHING LIKE DIAPEPSIN TO RELIEVE INDIGESTION

Don't Fool With Indigestion but Cure It and Forever Rid Yourself of Stomach Misery.

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble. You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work. Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid. Stomach gas and stomach poison putrefying the intestines and digestive canals, causing Biliousness, Headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, intestinal cramping, constipation and other more dangerous symptoms?

Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and eructs undigested food or causes a feeling of nausea, then it is time to give relief.

## UNIFORMS

FOR NEWARK AT HOME WILL BE WHITE WITH NAVY BLUE TRIMMINGS.

## WHILE ON THE ROAD

Gray and Black Trimmed Outfits will Garb the Molder Players—First Game April Fifth.

Well, it's all decided, Newark will have two uniforms this season, regular big league style. A special meeting of the directors was held in the office of Business Manager Maurath, Tuesday afternoon, with R. O. Johnson, representing the Spaulding company present.

For the road the molders will wear the gray and black uniforms of last season, but at home they will have something new to spring on the fans. Fifteen white uniforms were ordered. On the breast pocket will be the single letter "N" in the old English style in navy blue. The belts will be navy blue and lined with leather. Navy blue stockings and a blue cap with a white "N" will complete the outfit for home wear.

The white uniform was immediately decided upon but there was some discussion regarding the trimmings, some favoring a maroon to go with the white. The cap will be similar to the one worn last season and commonly called the "Varsity" style. First grade cloth was selected with the stockings of the heaviest woolen. It will make a pretty uniform and one that will not grow tiresome to the fans.

They will be made up at once and will be shipped so they can be worn in the game April 5, when the Colts will play the Vets. The game is bound to draw well for the fans will be glad of the chance to see their players in action. The usual admission will be charged and with good weather several hundred people will probably catch the cars for Wehrle Park.

It is easier to make a man promise than to mend a broken one.

## LONELY JAB

By Burns Puts Roche Out in a Minute and Twenty-Eight Seconds.

Dublin, March 18.—Ireland's rejoicing on the national festival was considerably dampened Tuesday night by the ridiculously easy defeat over the Wexford champion, Jim Roche by Tommy Burns of America for the championship of the world. Although sportsmen hardly expected Roche to win, they were not prepared for the poor show he made, which compared unfavorably even with the previous bout of Gunner Moir and Jack Palmer by the American champion.

Five thousand spectators filled the Theatre Royal to witness the fight. The two men sparred for several seconds, then Burns tapped Roche gently on the side of the head. They sprang again and Roche managed to get in two blows on Burns on the ribs. Then the American maneuvering cleverly landed on Roche's chin and the Irishman came down on the stage like a log and lay there squirming. The timekeeper began counting the seconds. At the count of nine Roche staggered to his feet but clung to the ropes and was counted out. He looked stupid and dazed.

When Roche had collected himself he offered to renew the fight and Burns agreed, but the suggestion was overruled. The official time of the bout was one minute and 28 seconds, including the count. The winner was immediately challenged by Bill Squires.

## SAME CONDITIONS

Now Exist as When Taft Threw his Bomb at Akron for Which He Never Apologized.

Toledo, O., March 18.—The Toledo Blade asserts that the great question before the state politicians is what will be the attitude of Secretary Taft toward the new state machine. It is claimed that Secy. Taft has never apologized for his Akron speech, and since Cox, Brown and Guilbert have formed a state organization and nominated the candidates for treasurer of state, auditor of state and attorney general, they assert that the same condition now applies to this part of the state ticket.

Dissatisfied with the actions of men who have been in control of the Democratic party in Lucas county for several years a committee of independent Democrats yesterday issued a call for a meeting at the Zenobia for tonight to decide what measures are necessary for reform.

## CARRYING OF FIREARMS

WILL BE BROKEN UP AS WELL AS HABIT OF DISCHARGING THEM.

Offenders Will be Arrested and Heavy Fines Meted Out if Practice Does Not Cease.

Several times lately there has been shooting in different parts of town, and the mayor and the police have decided to break up the habit. Monday night there was shooting along the canal between Fifth and Sixth streets, and yesterday Wesley Mitchell, who has been in trouble before, was arrested.

Another boy, Carl Smith, is supposed to be mixed up in the deal too, and the police are looking for him. Mitchell had several different stories to tell the officers, but the appearance of a young boy who testified in the case, drew for Wesley \$5 and costs, which he did not pay and was returned to the city prison.

From now on the orders will be strict and the fines will be heavy for the offenders caught. There has been too much gun "toting" in Newark anyway, and people are in the habit of discharging the weapons when ever they want to, so stringent orders will be enforced before some person is injured accidentally.

## COURT NEWS

**Juvenile Court.**  
The case of the state of Ohio vs Frank D. Roberts, for neglecting his minor child, Ralph Roberts, was tried in the Juvenile court. The neglected child is only 10 years old. His mother died when he was a baby, and his father remarried and moved to Seattle, Wash., nearly two years ago. The child was left in the care of a bachelor uncle, John Roberts at Granville, since which time its father has contributed but little to its support. It was charged that the boy had been abandoned by his father, that he had no home and no means of support, and the boy himself testified that his uncle got drunk and abused him, and that he did not want to stay with him. There were a number of witnesses examined and the general testimony confirmed the charges of the petition. The court ordered the boy sent to the Licking County Children's Home, and papers were made out and given to the sheriff, with a warrant to take the boy to the Home. The sheriff executed the warrant and took the child to the Home, but the superintendent, Mr. Kreig, refused to accept him, stating that he consulted with the State Board of Charities at Columbus, and that he was informed that he did not have to receive the child at the Home, committed as this one had been from the Juvenile court. Judge Blister is satisfied that he has authority to commit the child to the Children's Home, as this child was, but the matter will be tested by a suit in mandamus.
